Tradeoshi international trading platform

## Tradeoshi's Distribution plan

>> passive income with our distribution programme <<

- work as an independent distributor or use your own website/blog/YouTube- or social media account to generate a passive income
- As long as your clients are active → our distribution plan enables you a boundless basic to earn commission all over the time
- Tradeoshi's hybrid plan is a combination of a breakaway and unilevel plan
- Our hybrid plan works in infinite depth and breadth and thus offers the opportunity to earn outside of your direct partners

## Business plan for distribution partners

>> Hybrid commission plan <<

### A Combination of an unilevel- and breakaway plan

- This form of a business plan is built progressively as it is unlimited in depth and breath
- The higher your rank, the higher your rate of commission → depending on your rank
- If your customer achieves the same sales rank, you will not receive any remuneration from this partner and his downliners as long as you have achieved a higher rank than the partner again

Breakawayplan: <https://youtu.be/WkqyU3-KbNA>

- If you are on a higher rank than your partner, you will be remunerated with the percentage difference
- Example: champion with 17% → partner is starter with 10% → remuneration 7%

Unilevelplan: [https://youtu.be/X\\_a7EVRmy84](https://youtu.be/X_a7EVRmy84)

- this plan is not limited in breadth - but in depth - the depth is limited to 8 levels
- The distribution of the commissions is the same at all levels or ranks with 2%
- Once you have reached a certain level of sales/points, you will be promoted to the next higher remunerations level
  - Example: \$10,000/p. → Rise to Leader
